

### **Glatzová & Co. Provided Help to Šatník Praha Foundation**

Each of us may find ourselves in a situation where we need help and support from those around us. The people at Glatzová & Co. are ready to lend a helping hand wherever it is needed. We can't save the world, but we can do our bit to help others.

The March 12 event was exactly in this spirit of the text from our website. Glatzová & Co. tied first collaboration with the Šatník Praha Foundation, which focuses on helping single parents and seniors.

The firm's employees participated in a collection of material donations. Clothes for adults and children, shoes, sports equipment, books, toys and other necessary items were collected and then delivered to Šatník's premises in the Holešovice market.

In addition to material donations, we also offered our labour force. For one day, four colleagues volunteered their time and energy to help with routine operational processes - primarily hanging clothes from donors on hangers or cleaning the corner after children's visitors.

All volunteers agreed that it was an interesting experience and that the whole project was very worthwhile.

"Thank you so much. It's absolutely wonderful. This support helps us a lot to save costs," wrote Nora Fridrichová, journalist and founder of the foundation.

Šatník is open daily from 10 am to 5 pm. Seniors can come in to collect clothes and other items for themselves; single parents can collect items for themselves and their children with the necessary documents (a judgment and a rental agreement).

The cooperation between the law firm Glatzová & Co. and Šatník Praha has shown how synergy between the private sector and non-profit organisations can bring concrete help to those in need.
